BIOMETRIC & SURVEILLANCE SOLUTIONS

Enhanced Security and Smart Access
for Your Business
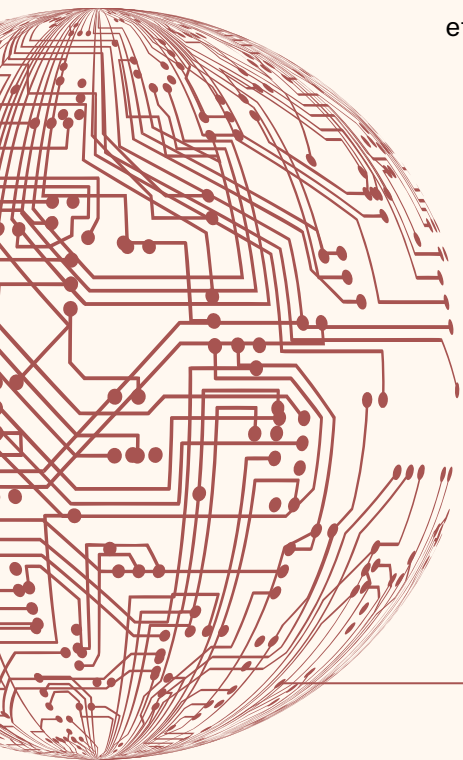

ABOUT US

Who We Are

Prasambi Engicon provides advanced IT solutions, including servers, networking, storage, security, power backup, biometric surveillance, and custom desktops. We ensure secure, scalable, and high-performance technology for seamless operations and future-ready businesses.
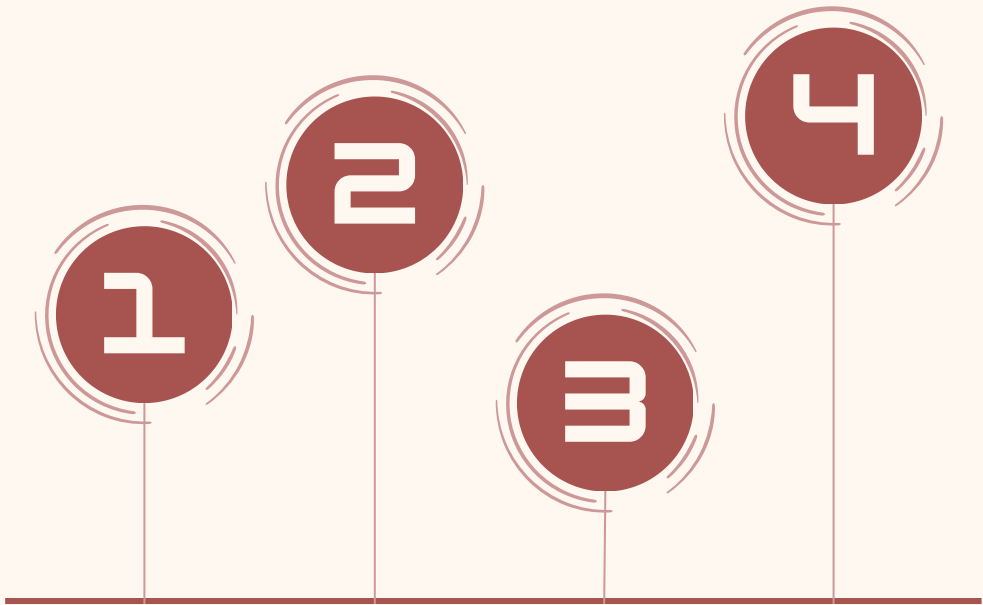

Our Vision

To be a trusted leader in IT infrastructure solutions, recognized for our innovation, reliability, and commitment to powering businesses with seamless technology. We aim to build a future where businesses operate efficiently, securely, and without limitations.

Our Mission

To empower businesses with top-tier IT solutions by delivering reliable servers, networking, security, and computing systems. Through innovation, expertise, and strategic growth, we ensure our clients have the technology they need to thrive in a rapidly evolving digital world.

OUR PROCESS

1

2

3

4

Consultation

Assess security risks, access control needs, and monitoring requirements to develop a comprehensive protection plan.

Design

Create a tailored biometric and surveillance solution, selecting the right technologies for efficient and secure operations.

Installation

Deploy biometric authentication systems and high-definition surveillance equipment for real-time monitoring and access control.

Support

Provide regular maintenance, software updates, and technical support to ensure continuous security and system efficiency.

OUR SECURITY
SOLUTIONS
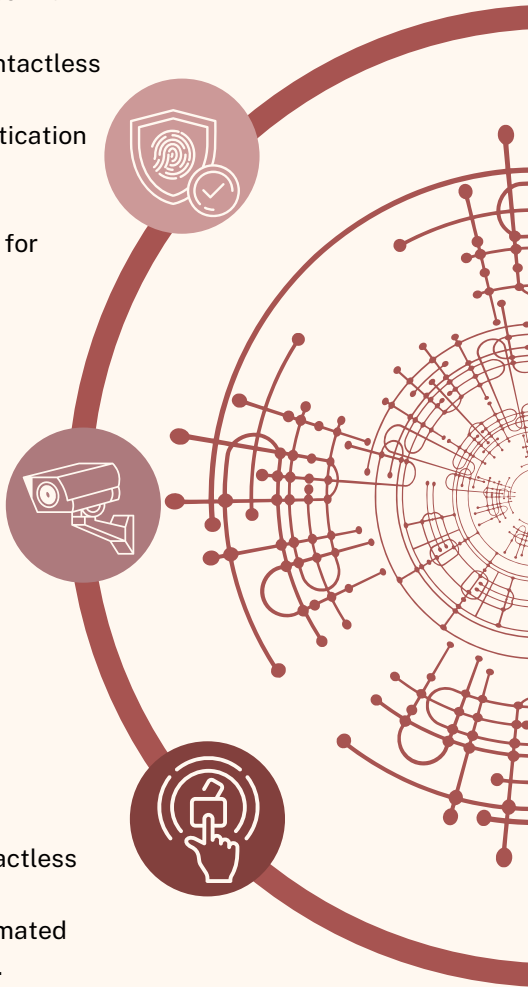

Biometric Authentication Systems

- **Fingerprint Scanners:** Secure access with advanced fingerprint recognition.
- **Facial Recognition:** AI-powered, contactless identification for seamless entry.
- **Iris Scanners:** High-security authentication using iris recognition.
- **Multi-Factor Biometrics:** Combines biometrics with PINs or smart cards for added security.

CCTV and Surveillance Systems

- **IP Cameras:** HD surveillance with remote cloud monitoring.
- **Dome, Bullet & PTZ Cameras:** Indoor and outdoor security solutions.
- **Video Management Systems (VMS):** Centralized software for video monitoring and analysis.
- **Integrated Surveillance:** Unified security with cameras, alarms, and access control.

Access Control Systems

- **Smart Card & RFID Systems:** Contactless access with secure authentication.
- **Turnstile & Gate Integration:** Automated entry with biometric or card access.
- **Mobile Access Control:** Secure smartphone or QR code-based entry.
- **Time & Attendance Systems:** Biometric tracking for accurate employee attendance.

FEATURES & BENEFITS

01

Biometric Systems
Secure, contactless access with multiple authentication methods.

02

High-Resolution Cameras
Crystal-clear video feeds for detailed surveillance.

03

Remote Monitoring
Cloud-based access to your surveillance system anytime, anywhere.

04

Custom Solutions
Tailored systems designed to meet your business-specific needs.

05

Seamless Integration
Streamline security by integrating systems flawlessly, reducing complexity, and enhancing response times.
