

PRASAMBI
ENGICON

NETWORKING SOLUTIONS

Seamless Networking Solutions for
Business Efficiency

FAST. SECURE. SCALABLE.

ABOUT US

Who We Are

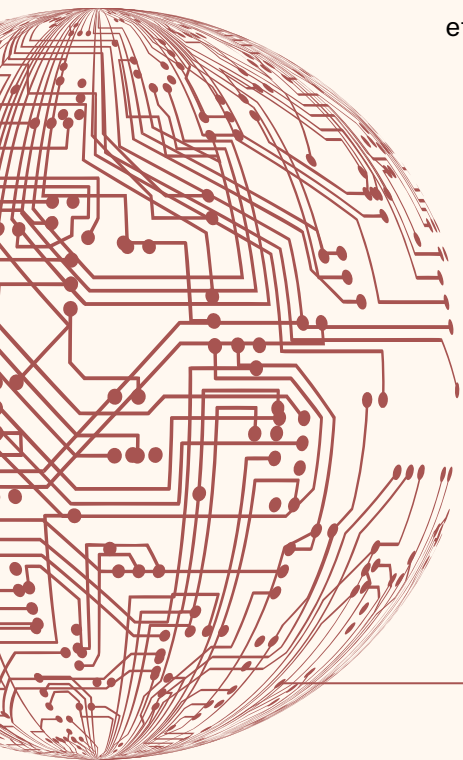

Prasambi Engicon provides advanced IT solutions, including servers, networking, storage, security, power backup, biometric surveillance, and custom desktops. We ensure secure, scalable, and high-performance technology for seamless operations and future-ready businesses.

Our Vision

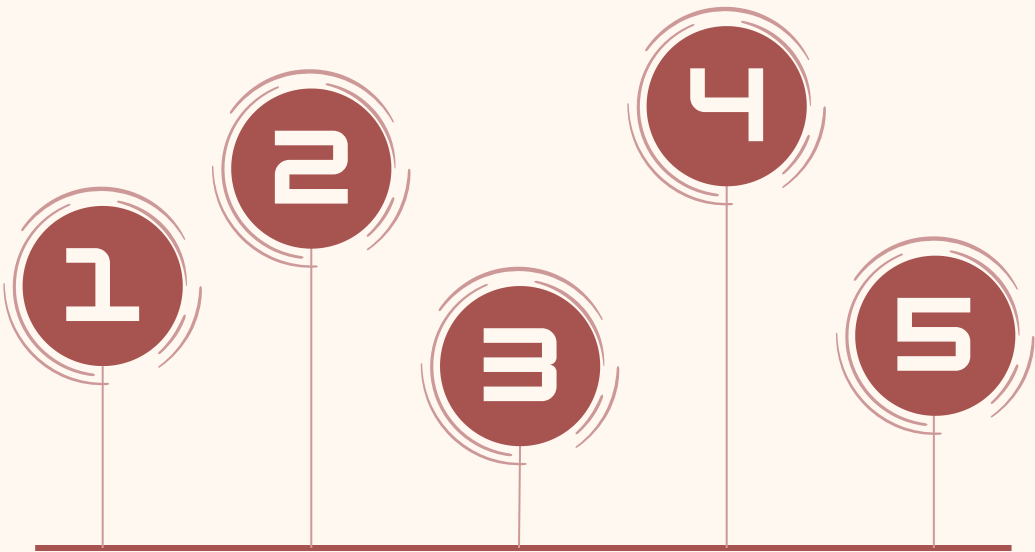

To be a trusted leader in IT infrastructure solutions, recognized for our innovation, reliability, and commitment to powering businesses with seamless technology. We aim to build a future where businesses operate efficiently, securely, and without limitations.

Our Mission

To empower businesses with top-tier IT solutions by delivering reliable servers, networking, security, and computing systems. Through innovation, expertise, and strategic growth, we ensure our clients have the technology they need to thrive in a rapidly evolving digital world.

OUR PROCESS

Assessment	Planning	Deployment	Configuration	Optimisation
Analyze business operations, network demands, and scalability needs to design an effective and future-proof solution.	Develop a tailored network architecture, selecting appropriate hardware, software, and protocols for seamless connectivity.	Install and configure network infrastructure, ensuring proper integration, connectivity, and efficient data flow.	Implement firewalls, encryption, and access controls to safeguard data and maintain regulatory compliance.	Continuously monitor network performance, troubleshoot issues, and upgrade systems for maximum efficiency and reliability.

OUR NETWORKING SOLUTIONS

Network Design & Solution

- Comprehensive planning and deployment of Local Area Networks (LAN) and Wide Area Networks (WAN).
- Tailored solutions for office setups, remote locations, and multi-branch businesses.

Wireless Networking

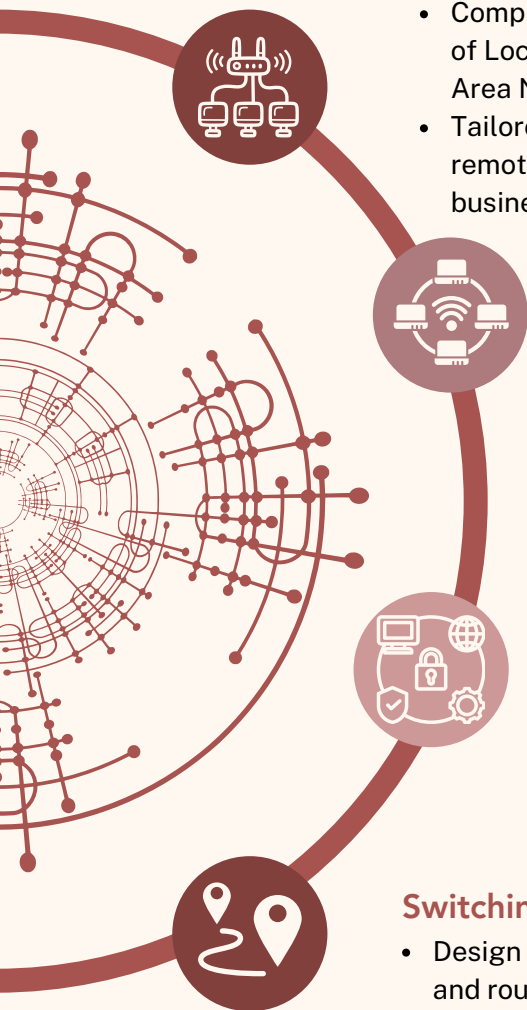

- Set up secure, fast, and reliable wireless networks for businesses.
- Expertise in deploying enterprise-grade access points and controllers.

Network Security Solutions

- Protect your business with firewalls, VPNs, intrusion prevention systems, & more.
- Ensure compliance with industry standards and safeguard sensitive data.

Switching and Routing Solutions

- Design and deploy scalable switching and routing solutions for optimized traffic flow.
- Expertise in configuring Cisco, Juniper, & other industry-leading devices.

VoIP and Unified Communication Solutions

- Implement cost-effective Voice over IP (VoIP) systems for crystal-clear communication.
- Integration of unified communication tools like Microsoft Teams or Zoom.

Data Center Networking

- Setup and tuning of MySQL, PostgreSQL, and Microsoft SQL Server.
- Regular updates, backups, and performance optimization.

FEATURES & BENEFITS

Tailored Network Designs

Optimized connectivity for business-specific needs.

Enterprise-Grade Security

Advanced security to protect sensitive data.

High-Speed Connectivity

Reliable performance, seamless operations.

Scalability

Future-ready solutions that grow with your business.

Unified Communications

Integrated VoIP and collaboration tools.
